

Richardson Park Flagpole Update Meeting

Wednesday, May 31, 2006
6:30 pm
Clapp House
195 Boston Street, Dorchester

In July 2005, the historic flagpole at Richardson Park was struck by lightning. The MA Department of Conservation and Recreation has hired a consultant to assess the flagpole's structural condition.

The public is invited to hear the consultant's preliminary analysis of the flagpole's condition, and to provide input on options for addressing the consultant's findings.

For more information, contact Jeffrey Harris, MA Department of Conservation and Recreation, 617-626-4936 or Jeffrey.Harris@state.ma.us.
